

Sumner County Events Calendar

The CVB maintains a county-wide calendar to inform visitors and residents about events by providing information that is enticing, entertaining, informative, and that promotes area attractions, cultural and community organizations, entertainment venues and recreational outlets.

If you are planning an event in Sumner County, please check our calendar for potential date conflicts with other events. Contact the CVB if your event will impact hotel room availability, and for possible media or event assistance. We regularly communicate with Tennessee Tourism, travel writers, and media about upcoming events, and occasionally include events in our print or internet advertising.

To submit your event, complete our online form as far in advance as possible, but at least 1 month prior to the event date. A contact person and phone number are required. So that our calendar remains up to date, any changes affecting the event (venue change, cancellation, etc.) should be conveyed to the CVB as soon as possible.

Criteria:

- Events must be held in Sumner County and be open to the public
- The calendar will not be used to promote political events
- Commercial events may be included only if they are of interest to visitors or are tourism related
- Sports tournaments, groups and meetings that are bringing in out of town visitors may be listed

Excluded events:

- Regular community, chamber, city or county meetings
- Garage or yard sales
- Fundraisers (other than major non-profit events)
- Summer Camps
- Clinics, workshops, classes, seminars or lectures

We will, however, allow exceptions for those that have become annual events or are of interest to visitors. Example: 16th Annual First United Methodist Church Yard Sale; Art Show & Sale; Music or Dinner Theater.

Sumner County CVB reserves the right to limit the number of postings or to reject any posting when deemed inappropriate or if it does not meet the criteria.
